

ACTIVCLASSROOM CLEANING SUPPLIES

ActivClean Kits

ActivBoardClean is a new whiteboard cleaning product developed for effective day to day cleaning of whiteboards perfect for sticky fingerprints, non-permanent ink and day to day grime.

ActivXtraClean is a heavier duty cleaner suitable for removing stubborn stains and permanent ink. They are spray on wipe off fluids which should be used in conjunction with the supplied whiteboard cleaning cloths.

The lint free, non-woven disposable cleaning cloths are super absorbent. They soak ink effectively, absorb any residual fluids and retain excellent strength even when wet. The cloths are 320mm x 340mm in size.

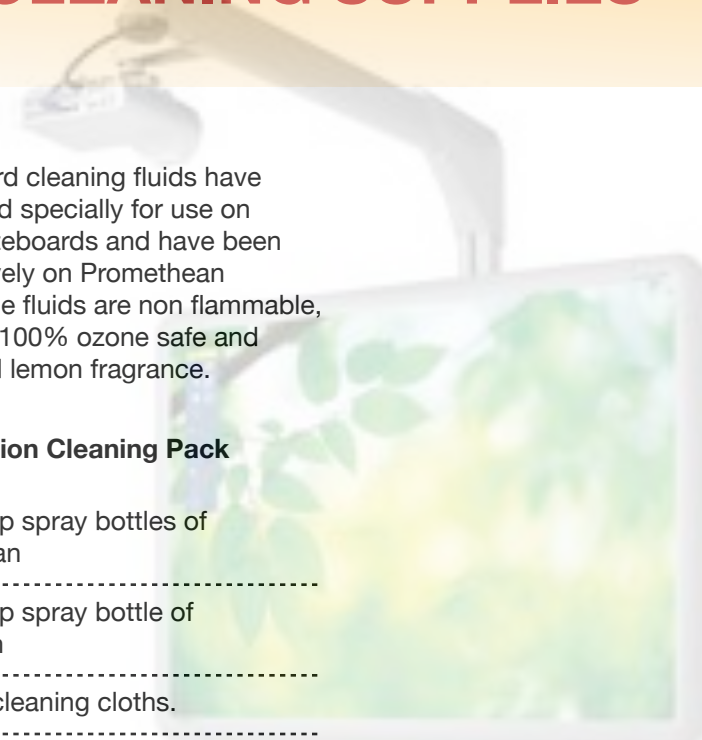

Both whiteboard cleaning fluids have been developed specially for use on interactive whiteboards and have been tested extensively on Promethean Activboards. The fluids are non flammable, non smearing, 100% ozone safe and have a scented lemon fragrance.

The Combination Cleaning Pack contains:

6 x 250ml pump spray bottles of ActivBoardClean

1 x 125ml pump spray bottle of Activextraclean

6 packs of 50 cleaning cloths.

ActivClean Combination Cleaning Pack.....\$89.00

Single Pack ActivClean and 50 cloths\$19.95
